

Canvas Recruiting

Hey! Thanks for helping us collect emails. This will take around 5 minutes per class.

Check this [sheet](#) for classes that we still need emails from. It'd be great if you could sign up for any classes you've taken. Here are the instructions:

1. Add the [Save as MHTML extension](#). You can uninstall it after.
2. Go to your class on Canvas and find the "People" page.

Name	Section	Role
Areej Adnan	STAT 20 LAB 115 (Remote) STAT 20 LEC 001 (Remote)	Student Student
Sune Aghakian	STAT 20 LAB 116 (Remote) STAT 20 LEC 001 (Remote)	Student Student
Zaynab Ahmed	STAT 20 LEC 001 (Remote) STAT 20 LAB 112 (Remote)	Student Student
Alice Ahn	STAT 20 LEC 001 (Remote) STAT 20 LAB 116 (Remote)	Student Student
Tom Aiba	STAT 20 LAB 108 (Remote) STAT 20 LEC 001 (Remote)	Student Student
Mehdi Ali	STAT 20 LAB 109 (Remote) STAT 20 LEC 001 (Remote)	Student Student

3. **Scroll down** to the **bottom**, making sure that every name is loaded.
4. Select **students** in the roles panel. **Be sure to unselect instructors.**
5. Hit the Save as MHTML extension. A `.mhtml` version of the site should download. Rename the file in the format "semester_class", e.g. `fa20_stat20.mhtml`.
6. Upload the file at this [Drive link](#).

That's it! Thanks a ton.
